

NOTICE TO STAFF AND VISITORS

Asbestos-containing thermal insulation and miscellaneous materials are scheduled for removal in a Toilet Room pipe chase on the second floor by the Guidance Department at the **Lockport Township Central High School 12 - 15 February 2010**. The abatement work area is restricted to authorized personnel only. Signs will be posted identifying the restricted area. Environmental Services, Inc., an engineering, consulting, and testing firm will be supervising and monitoring the project. In the event of an emergency, please contact Mr. William Thompson, Director of Facilities, in the Business Office 815 588 8110 or by email at WThompson@LTHS.org.

Lockport Township High Schools District #205
